

Kindergarten

Teachers: Mrs Herron, Mrs Matthews and Mrs Montes

Education Assistant: Mrs Hendon, Mrs Bidefeld and Ms Zamberi

Hello and Welcome to Kindy!

In Kindy we will provide many hands on experiences to help your child learn throughout the year. We focus on developing your child's Social/ Emotional, Creative, Physical (Gross and Fine motor), Cognitive and Language development.

In Literacy we follow a program called Jolly Phonics to learn the alphabet. We also focus strongly on "Phonological Awareness" which is a pre-requisite to reading and writing.

In Maths we will be learning about numbers, shapes and sizes. We focus on the language of Mathematics and will provide lots of hands on activities to develop these concepts.

Over the year we will be teaching the children social skills that they will need to use throughout life, such as sharing, taking turns, cooperating, negotiating and getting along. In Kindy we use puppets and role play and open ended tasks to help teach these skills.

We will enjoy time spent outdoors playing in the sand pit, making mud pies and racing around on bikes. During this time we visit our Kindy garden and grow some delicious vegetables to eat.

2020

In Maths we will be learning about numbers, shapes and sizes. We focus on the language of Mathematics and will provide lots of hands on activities to develop these concepts.

Over the year we will be teaching the children social skills that they will need to use throughout life, such as sharing, taking turns, cooperating, negotiating and playing nicely. In Kindy we use puppets and role play to help teach these skills.

We will enjoy time spent outdoors playing in the sand pit, making mud pies and racing around on bikes. During this time we visit our Kindy garden and grow some delicious vegetables to eat.

We look forward to having lots of **FUN!**
