## Principal's Pen

Term Three is now well underway. We held our first Assembly since 4 March it was certainly a very different experience, but it was very good to get school life back to our normal routines. Due to the obligatory social distancing we live streamed the Assembly for parents and carers, which received a great deal of positive feedback. I would like to thank everyone for taking the time to feedback to us. Last week we were able to hold our first face to face Board Meeting. We were able to get through a great deal of business for which I would like to thank our parent Board Members for their insight, perspective and extremely valuable contribution. Our Board Members are: Laura Gray, Triena Hurihanganui, Fiona Grierson, Lara Meyers Atkins, Rachael McGregor Reverend John Taylor, Pippi White, Sandy Regts, Mariana Terrazas, Tanya Bell, Alison Pinches and myself.

On Wednesday our Fantastic Year Four students presented their Assembly which was absolutely superb. Next week is a very busy week. On Monday 31 August The Yirra Yakin Theatre group will be entertaining the students as part of the delayed NAIDOC activities. This was all coordinated and organised by Mrs Dodds and Mrs Bell. On Tuesday 1 September the Fund Raising Group will be holding a Father's Day stall to give all of our students the opportunity to purchase something for their dads, grandads or carers. The Fund Raising Group are all our lovely volunteer parents and are an amazing group of people. We thank them sincerely for giving up their time for us, this is organised by Mrs Tiana Gillard.

On 2 September as part of the delayed Harmony Day activities we are having the much anticipated Hangi which has been organised and managed by Mr Joe White, one of our fantastic parents, who will also be doing the cooking on the day. On the Thursday and Friday, 3 and 4 of September our fantastic Year Five students will be going on an overnight camp to Point Walter and visiting a few places in Perth and Fremantle. They will be accompanied by their amazing teachers Miss Canning, Miss Wildish, Mr Schweda and Mrs Baldwin Jones. On Friday 4 September some of our Year Six students who are going to Yanchep Secondary College next year will be having the first orientation day. This gives our Year Six's an opportunity to discover what life in high school is all about and hopefully dispel their nerves.

On 9 September we will be holding our Book Week Parade when all the students dress up as their favourite Book Character. This will be live streamed for parents and carers. Some of our Year Five and Six students who have been practicing for the Tournament of the Minds Competition are finalising their entry on this day. Due to Social Distancing this is now all online. It provides a great opportunity for our gifted students to extend their knowledge and talents. Also on 9 September we have Cyber Safety workshops for our students presented by Mr Paul Litherland. On 10 September we will be holding a Faction Team Games Day when all of the students from Years 1-6 will be participating in team games. On 11 September we are running our Years 1-6 Faction Carnival with a difference. We have invited parents to come in and watch their children in the running, flag and relay races with I am afraid, strict social distancing rules in place. This has all been organised by Mr Schweda and is a tribute to him that he has managed to ensure that our students and parents get to enjoy our Faction Carnival.

On 14, 15 and 16 September we have invited SciTech presenters to conduct Science workshops as well as a performance for all of our students from Kindergarten to Year Six. This was all organised by Mrs Hill. On 16 September we will be holding the Kindergarten & Pre-Primary Carnival on the oval and like the Year 1-6 Carnival we have to exercise social distancing and are restricted to numbers. On 18 September our best athletes will be attending the MDSA Athletics Carnival. It is scheduled to take place at Splendid Park which is a large open area so the numbers of spectators will be much higher. On the 21 September we will be holding our Talk Up Assembly for our Talk Up Winners to present their speeches for us. This will once again be live streamed for parents and carers. I would also like to congratulate two of our Year Six students on successful Scholarship applications. Ashton Brown at Northshore Christian Grammar School and Ashlee Mettimano at St James Anglican School.

Elizabeth Wildish

A big thank you to  
Yanchep & Two Rocks  
Lions Club

for the donation and  
ongoing support  
they have provided

## NEW LIBRARY CLASSES TIMES

Monday	Tuesday	Wednesday	Thursday	Friday
Year One	Kindy Comp	Pre Primary	Pre Primary	Year Five
Year Four	Pre Primary	Year Three	Year Two	
	Year Six		Year Five & Six	

A reminder to Parents & Carers to please park in the designated parking areas as City of Wanneroo Rangers patrol all school zones regularly.  
Thank you.

Please ensure any student collection messages are phoned through to Administration by 2pm at the latest.  
Thank you.

## What's Happening

### Pre-Primary

This term the Pre-Primary students have enjoyed working on different reading comprehension strategies. We are currently learning about 'Making a Guess' or predicting what a story may be about. We had great fun guessing what was in the mystery box! In Science we are continuing to learn about Earth, Space Sciences and last week, we found out all about hibernation and migration. We discovered which of our Australian animals hibernate for the winter.

### Year One

The Year One students have been busy this term writing our Talk Up and this week we have started to present them to the class. They are sounding fantastic! We had an amazing time flying our planes that we designed and created in STEM and are looking forward to our upcoming STEM project. We will become weather reporters and will report on the weather.

## What's Happening

### Year Two

The Year Two students have been working hard and we cannot believe we are half way through the term already! In Literacy we have been writing some amazing descriptions about the monsters we created. We then got to play a fun game where we had to try and guess whose monster was whose by the description provided. In Maths we have been investigating flips, slides and turns. We have also been practicing our team games so we are ready for our Faction Carnival.

### Year Three

The Year Three students went to Leemans Landing to plant native plants to help with the revegetation of the sand dunes a few weeks ago. We worked with Sasha from the City of Wanneroo and Kate who is the Coast and Marine Program Manager and managed to plant over one thousand natives! We also had time to listen to Kate talk about some of the things we found along the beach. It was really interesting! We have been learning about number patterns in Maths where we are using our prior knowledge of number lines. It's still really tricky but we are getting there! In Literacy, we are writing procedures and focusing on our Talk Up. We can't wait to share what we have learnt about our countries!

### Year Four

The Year Four students have had a very busy few weeks. We have each been researching an Australian Animal in HASS and have discovered that Australia has the worst record in the world for rates of animal extinction. We are now identifying ways that we can help to preserve their habitats to help protect our vulnerable species. In Science we are beginning to explore the properties of soils and rocks. We have brought in many different soil and rock samples from home which we are comparing and contrasting. This will then lead to studying such concepts as soil erosion and rock formation in Australia. In Maths we have begun working on Area and have enjoyed exploring this concept.

### Year Five

In Literacy the Year Five students have been busy researching and writing their speeches for the annual

Talk Up Competition. This year all our topics are on Space and we are learning so much from topics such as; the different planets, the International Space Station, Nebulae, the first woman in space and much, much more. In Maths we have been learning about different types of fractions and how to add and subtract mixed numerals and common fractions. We have also been exploring different graph types and which to use for a specific collection of data.

### Year Six

In Literacy, the Year Six students have been using their research and ICT skills to find information on the current and past Prime Ministers for their Talk Up presentations. They all provided interesting and accurate information on their selected PMs and we are very proud of their increased confidence to stand in front of their peers to deliver their speeches.

During Maths, we have been revising and increasing our knowledge of equivalent fractions and factors. We also started designing and building 3D-shape robots with partners to try and convince our teachers to 'buy' our product. We are starting to reflect on our time at Two Rocks Primary School as we are coming towards our final weeks at the school as the Senior Cohort.

## HONOUR CERTIFICATES

Congratulations to each of our recipients

Pre-Primary	Hudson, Eve, Willow, Caitlin Mason, Zaliah-Maye
Year 1	Taylor, Isla, Damian Madison
Year 2	Stella, Annabelle, Millie Abigail
Year 3	Olivia, Will, Kiyrah-Jane Ryan, Jai, Olivia
Year 4	Kalais, Jordan, Paige Hayley, Leah, Tennessee
Year 5	Abbey, Ruby, Oscar Marnie, Makayla
Year 6	Ashton, Matthew, Brooke Iza, Ben, Ashlee

## MANDARIN MANNERS

## Mayor's Christmas Appeal 2020

Each year the City of Wanneroo conducts the Mayor's Christmas Appeal to assist members of our community facing hardship. In previous years the Appeal has received a remarkable response from the community, with many local schools, community groups, businesses and residents donating generously.

Non-perishable food items for you to collect include:

- Christmas puddings/cakes
- Fruit mince pies
- Cakes, cake mixes and biscuits
- Nuts, crackers and chips
- Pasta and sauce
- Tinned foods (sweet and savoury)
- Jams and spreads
- Tea, coffee and sugar
- Cereals, rice and noodles
- Chocolates and muesli bars

The collection bin will be available for donations in Admin from Monday 14 September.

Levi Yr1, Levine Yr2  
Dylan Yr4, Lachlan Yr6  
Lola PP, Indiana.B Yr2  
Tiare Yr5, Bridie Yr6

## AUSSIES OF THE MONTH

### Tournament of the Minds

The students have begun to design, write and construct their solution to this year's challenge in the annual Tournament of Minds competition. We have two teams entered this year. They are named Bramaki and The Two Rocks Elite Squad. The problem posed to students this year is 'Quo Vadis? People often come across unusual things in unusual places. Something extraordinary has been found... in an unexpected place by an out of the ordinary group. People are asking many questions, there are so many questions but so few answers. Your team embarks on a journey to find the answers.' The Two Rocks Teams have been working tirelessly on their solutions and will be ready to submit them in Week 8. We know they will do an amazing job.

### In Real Life Program

In Health the Year Five and Year Six students have started the 'In Real Life' Program where we learn about being a good friend, how to deal with conflict, emotions, cyber safety and more. The Year Five and Year Six boys work together with Mr Schweda and Miss Stokes, while the Year Five and Year Six girls work with Mrs Bell and Miss Canning. This program will run for the remainder of this year.

The Year One students have enjoyed using the BlueBots at Digi Club with the Year Six ICT leaders. They have been programming the Blue Bots to complete a variety of obstacle courses that they have made.
