

# Year 1

**Teachers:** Mrs Dodds, Mrs Hill, Mrs Terrazas, Mrs Brown, Mrs Kerp & Mrs Zamberi

## Hello and Welcome to Year 1!

The Year 1's have come back ready to be a part of the 'big school'. We have settled in well and are now starting to get a hang of our new routines and using our demountable classroom. We have a superhero theme this year which will ensure we strive to become super learners!

We have an open classroom environment, which allows us to meet with all our peers and then split off into Literacy and Numeracy groups or specialist classes. We meet back in the afternoon to talk about our day and hand out any important notes or messages.

This year, the Year 1's get to visit our school garden weekly to see what produce the upper years are growing and will be using in the kitchen. We are excited to further our ICT skills which will include using a keyboard. STEM will see us working on challenging projects.

The Year 1's will get to experience life in the olden days with our fun HASS incursion. They will get hands on experience with various items and activities from 100 years ago!

At Two Rocks Primary, there are lots of great events we look forward to during the year including; Sports Carnival, Book Week Parade, Swimming Lessons and Cross Country! Some of these being new for our Year 1's!

**The Year 1's are looking forward to a fantastic year filled with a variety of learning opportunities including collaborative group work, independent challenges and whole class adventures!**
