

Year 5

Teachers: Ms Jodie Scholte and Mrs Kerry-Lynn Joubert
Education Assistants: Mrs Erin Troy and Miss Sian Frankland

Hello and Welcome to Year 5!

The Year 5 students of 2023 are excited to be back with their friends and getting the chance to meet our new students.

Our class has two teachers. Mrs Joubert leads our Literacy, using the programs English Stars, English Skills, VCOP, Writing Time and Soundwaves Spelling. She also leads Science.

Ms Scholte leads the Mathematic programs using Stepping Stones and Mental Maths. We are strengthening our understanding of concepts we have previously learned and learning how to apply our skills in different, and sometimes more complex, situations. We are enjoying the challenges and know that it is vital to know our Timetables!

Ms Scholte also enjoys History and Geography, particularly Australian History and takes the lead in HASS and Health.

We will be using SEESAW to keep our families informed of our school life and learning journey throughout the year.

We are super excited to have Mrs Croker back for Chinese! Our other specialist teachers are Mrs King for Music, Miss Wright for Art w and Mr Schweda for English. Our class enjoy learning about Sustainability and take part in Gardening and Cooking in the Kitchen. We grow all our produce to be used in our recipes.

One of the main things we are looking forward to is, of course, our school camp in Term 4.
