

Year 6

Teachers: Mrs Tanya Bell and Miss Lauren Stokes

Education Assistant: Miss Tracy Dossett

Welcome to 6BeSt!

We have started the year looking sharp in our new senior uniforms, really looking the part of School Leaders at TRPS. Some of us have taken on formal leadership roles and have been very busy learning our new responsibilities. We know that this year will be full of new challenges, but we know that if we apply the 5 Keys to Success we will be the 'BeSt' cohort.

We are looking forward to our week long camp to Albany in Term Two, Graduation at the end of the year and everything else in between!

We started our learning programs in the first week with English with Mrs Bell which include English Stars, VCOP writing, and Soundwaves handwriting and spelling. Mrs Bell is also excited to be conducting Novel Study sessions with the class novel *Call of the Wild* by Jack London. Mrs Bell also leads HASS and has ensured that our Albany Camp covers components of the curriculum, so we can have fun as we learn.

Miss Stokes leads the Mathematics program using Stepping Stones and Mental Maths. Using the explicit teaching model, we learn challenging concepts and revise our basic facts daily. We are determined to instantly recall our times tables up to 12x. Miss Stokes leads Science and is using a STEM approach so we can work collaborately and use iPads responsibly.
